AQUA KOTE™ ACRYLIC WATER-BASED POOL PAINT

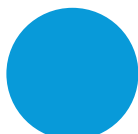

The New Science of Water-Base Coatings™

Aqua Kote™ is our exciting acrylic water-based pool paint. Built on decades of experience. Perfect for high humidity conditions where getting & keeping a pool dry is a problem. It can be applied to damp services, and can be applied over all other pool paints. Cures quickly, and pool can be back in service in 3 days. Effective against chlorine, shock, and algae, and has excellent color retention. Best of all, cleans up and thins with water, cures quickly, and no solvent fumes. Get back to the purity of a newly refinished pool.
